EDUCATION

Charotar University of Science and Technology   **CGPA** – 8.86
B.Tech in Information Technology

TECHNICAL SKILLS

- Programming Languages: JavaScript, Java, C++
- Web Technologies: HTML, CSS, Bootstrap
- Runtimes/Frameworks: React JS, Express JS, Next.js
- Software Development Tools: GitHub, Postman, Figma
- Database: MongoDB, MySQL

EXPERIENCE

Internauts Infotech, Ahmedabad, India   May 2023 – June 2023
Front-End developer

Planned website development, converting mockups into usable web presence with React and Express.
Oversaw technical issues and troubleshooting requests to resolve user problems.

Under Graduate Student Fellowship, Charusat, Anand   November 2023 –March 2024
Front-End developer

As an Undergraduate Student Fellow, I actively contributed to the comprehensive development, update, and maintenance of the university website. Collaborating closely with the web development team, I played a key role in enhancing both functionality and content, ensuring an improved user experience and aligning with the institution's goals.

PROJECTS

CharusatV4
University website Project | React.js, Next.js, JavaScript, Bootstrap, Tailwind
Modernized university's official website with contemporary design elements and state-of-the-art technologies, enhancing user experience and accessibility. Employed latest web development tools to streamline navigation and optimize visual appeal, resulting in increased user engagement and satisfaction.

Open-Source Weekend
Internship Project | React.js, Express.js, MongoDB
Led the development of Open-Source Weekend, an event management website fostering collaboration within the open-source community. Integrated a blog feature for users to access the latest industry insights and updates, promoting engagement and knowledge-sharing among participants.

Code Insight
Platform for Coding Contests and Coding Profile Summaries | React.js, Express.js, MongoDB
Code Insights is a comprehensive MERN stack platform designed to host coding contests and provide insightful coding profile summaries for platforms such as Leet-Code, Code Chef, and Code forces.

Complaint Register
For DDO Patan, Azadi ka Amrit Mahotsav Hackathon 2022 | Html, CSS, JavaScript, PHP
Developed a user-friendly complaint registration website for the District Development Office (DDO) Patan, enabling citizens to easily register complaints and track their status.

Achievements

Finalist in Azadi ka Amrit Mahotsav hackathon 2022
Top rankers in PU CODE Hackathon 2024
NPTEL certified for Database Management System
NPTEL certified for Operating System
NPTEL certified for programming language C and C++
